   Datum   *Zone*   *Easting, 6 digits*   *Northing, 7 digits*

Observer:_____ **Recorder** (if different): _____

Date: _____ / _____ / _____   **Time**: _____ : _____
   day   *month (write out)*   *year*   *hr*   *min*

Temp (◦C): _____ **Sky:** _____ **Wind class:**_____ **direction:** _____ **Noise:** _____ **# Vehicles :** _____

Count for exactly 10 min. Record each bird on a separate line, except for groups (e.g. flock, pair – and explain in bird notes).
Also indicate birds singing in another habitat, birds flying over but not stopping in the stand, and any breeding evidence.

Bird #	Species common name or standard four-letter alpha code	Bird seen? (Y, N)	Sound (Song, Call, Other, N/A)	Distance Category (1,2,3)	Sex (M, F, U, Y)	Bird notes (e.g., flock of 6 flew over; pair; adult with young; male counter-singing with male #3; not in the hemlock stand)
